

Yosemite Alpine Community Services District
POB 31, Fish Camp, CA 93623

April 2021 Communication

VEGETATION REMOVAL. Please make plans to clear your property of the vegetative debris that has been discovered with the snow melt. Cal Fire has announced that Burn Permits will be required on May 1, 2021. You may go online at burnpermit.fire.ca.gov to get your burn permit. Please call **888.440.2876** prior to igniting your fire either before and after May 1.

JANUARY MONO WIND EVENT. Some trees have shifted after the snow melt and may have caused some damage. Chimney flues also took hits in Fish Camp. Please check your property for damage.

CHIPPING PROGRAM. The Mariposa County Fire Safe Council has set the dates of May 23 and 24 and the dates of June 12 and 13 as days when the chipper will be in Fish Camp. You need to contact Donn Harter, donnatyosemite@sti.net to sign up for the program. They will not chip your properly stacked debris unless you have signed up with Donn.

BOARD MEETING OF APRIL 10, 2021. This meeting was held via ZOOM. Discussion was held on developing a Capital Improvement Plan, developing a Reserve Policy, the continued non-payment of water bills, board vacancy and possible modification of future water bills. The board set the future meeting dates as: **June 26/27, Sept 18th, and Dec. 4.** The board plans to hold the meetings at the Tenaya Lodge so the dates are tentative till confirmation is received from the Tenaya for room vacancies on those dates.

WATER MASTER REPORT. Tim McGinty reported that the repairs on Well #2 West will occur after the meadow has dried out. He has plans to exercise the valves and hydrants this spring so you may see water running down the streets. Flushing and exercising are parts of district system maintenance. Tim reported that it didn't appear that anyone had water leaks in their homes this winter as the tanks didn't drop unexpectedly.

METER READING. Your district meter reading crew will be out the weekend of June 26/27 to read your meters. Please have a clear path to your meter, a cleared area around your meter and the inside of the meter cleared of debris and dirt. If you clear the meter prior to mid-June the critters get in there and fill the box with dirt. There is a lot of debris on the ground this year, so please take the time to clear the area.

BOARD VACANCY. There is one remaining vacancy on the board. You must be a registered voter within the boundaries of the district to be on the board. Please consider this a way to help your district.

THANK YOU TO SNOW CREWS. Fish Camp and YACSD owe a HUGE thank you to Donn Harter and his snow removal crews who removed a massive amount of snow and a massive amount of trees from roadways into and throughout Fish Camp. Chain saws, tractors and blowers saw heavy use this winter.

YOUR YACSD BOARD MEMBERS.
